Monadnock Falconry offers the chance  
for nature enthusiasts of all ages to  
imagine life as a bird of prey! We are  
devoted to environmental education  
through first-hand experience of these  
amazing creatures rarely encountered up  
close in the wild.

The program gives the opportunity to  
meet a Harris' Hawk and see it on the  
wing, while answering all your questions  
about their life histories and relation to  
their human handlers.

The program is open to all, including  
those with disabilities.

**Sponsored by the Ashby Land Trust with funds generously  
provided by a grant from the Main Street Bank Foundation.**
